27	There is a storm grate sunk a foot below street level in front of our house (Probart at Oaklawn) - dangerous to bikes and cars. Also- sidewalks by our driveway was dug up months ago and has never been fixed!	8/12/2014 10:37 AM
28	For the greenway - it doesn't start till McLean Rd. Walking & biking along R.R. Ave is not real safe. The draining ditch between Whitmire St & F. Broad gets very full in storms.	8/12/2014 9:41 AM
29	Live on Probart Street - not Railroad Avenue which is in terrible condition.	8/12/2014 9:25 AM

4	RR Ave is not relevant to us. We are so far up Probart. We are NOT pleased to be included within the boundary of Sub-Area 1 where they propose greater density allowance. As you can see by our address we are in the far left corner of the map. Our home borders Porbart and Eastabrooke (King St does not exist) the city has told us that part of the gravel road is private & we must maintain it ourselves which we do) We would really prefer NOT to be part of this designated area, especially since our neighbors across Probart are not, so none of this will affect them. We think the cutoff should be Whitmire & Kings Mill Road.	8/12/2014 3:47 PM

10	RE #18: We are willing to pay more city taxes..along with all the city to improve our infrastructure.	8/12/2014 9:46 AM
11	Unfair to tax Railroad Avenue neighborhood when it has been so neglected - tax all of Brevard. Brevard is one neighborhood - we should all be in this together. To tax each neighborhood in Brevard separately would be very unfair and a nightmare to administer. Extremely against this as are most residents.	8/12/2014 9:28 AM
